

HOCKEY SCOREKEEPING GUIDE

1. Open ScoreVision Hockey Scorekeeper app.
2. Username: hockey Password: ralston1
3. **CONNECT** on the SV1 box.
4. Touch **Default Season/Tournament** and touch **SELECT** next to the desired season.
5. Press **ADD NEW GAME**
6. Choose your **EXISTING TEAM** or press **NEW TEAM** to create a new one.
 - a) Choose team color. Press **SAVE**.
 - b) Select or type team name – limit to 20 characters or less.
 - c) Specify Away Team in same way.
7. Scroll below the team names to view/edit settings specific to your season.
8. In the top right corner, press **START GAME**.

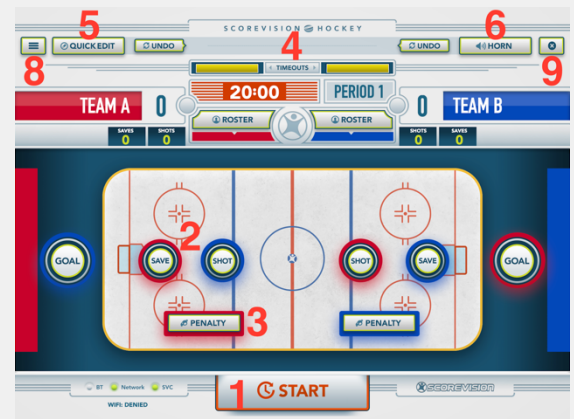

PREGAME

1. Once the Pregame Clock has started, the scoreboard will populate on the board.
2. Touch the **2:00** in order to edit the length of your pregame clock. Then press **SET** when you are ready to start the pregame timer.
3. If you don't need pregame, press **I'M READY TO KEEP SCORE** to show the scoreboard.

DURING GAME

1. **START/STOP** at the bottom will control the game clock.
2. Indicate **shots/saves/goals** by pressing the circles. Notice the team colors around each button to help keep straight which team is credited with the event.
3. **PENALTIES**:
 - a) Press the **PENALTY** button for that team. A roster wing slides onto your screen.
 - b) Press the player's number or **+** to add and save a new number. Then select that player.
 - c) Touch the circle for the appropriate penalty time needed.
 - d) The player's penalty clock will appear on the board and runs in sync with the game clock.
 - e) Press the **X** above a penalty timer if you wish to end that penalty before the timer expires.
4. **TIME OUTS**:

- a) Press **TIME OUT** above the game clock. Then press the name of the team taking the time out or an official time out as needed.
 - b) Set the Time Out length in the same way that you set the Pregame Clock. Press **SET** to start the countdown clock. Pressing **END** will stop the countdown early (if need be).
5. MISTAKES/ CORRECTIONS:
- a) Press **QUICK EDIT** from the upper left section of the app. Here you can make necessary adjustments such as... Time Outs Remaining Per Team, Score, Number of Shots on Goal, Number of Saves, Penalty Player Numbers and Timers (if a penalty is active), Game Clock, Period Number, Team Name, Team Color
 - b) Press **SAVE CHANGES** if you made any adjustments
6. Sounding the horn is available by pressing the **HORN** button in the upper right corner of the app. Hold the button for a longer horn sound.
7. INTERMISSIONS:
- a) Much like the pregame or timeout clocks, set the clock to your desired intermission time or press **JUMP TO NEXT PERIOD** if not countdown is needed.
8. SWAP SIDES:
- a) If the teams are shooting at the opposite goals from what is indicated on the scorekeeping app, press the menu button (three lines in the upper left corner) and choose **SWAP SIDES**. The scoreboard will maintain the team's positions but the app will adjust to making scoring easier to keep accurate.
9. CLOSING A GAME:
- a) When the game is finished, press the **X** in the upper right corner. Choose one of the three options –
 - b) **Save and Close Out Game** – this game is over and no longer needs to be available on the ipad to score/view
 - c) **Save and Leave Open** – this is for games that are still active (used if you are logging out for any reason with the intent to return and finish the game)
 - d) **Cancel** – immediately returns to the game without closing.
