3. Press **▲** or **▼** to find the correct Player Penalty on the **LCD display** you want to clear, then press **CLEAR, ENTER**.

## AFTER THE GAME

If there's another game scheduled, run through the **BEFORE THE GAME** steps so the clock is set and ready for the next game

If there is **NO GAME** scheduled, go through the steps below to set up the time of day:

### Set Up Clock for Time of Day

1. Turn the **toggle On/Off switch** on the back left of the Control Console to **Off**, then **On** to start the **Power On Sequence**
2. Press **Clear/No** button to the prompt "**RESUME GAME?**"
3. Enter **099** on the number pad, then **ENTER**
4. Press the **SET MAIN CLOCK** button in response to the prompt "**ENTER COMMAND**".
5. Type in time and press **ENTER** (the Time of Day should now appear on the Scoreboard)

1. **Toggle switch** in back Control Console to turn on and off control console

2. **LCD** – displays prompts so you know what you're changing BEFORE it appears on the scoreboard

3. **Arrows** to move LCD prompt up or down for Penalty player (i.e. 1 PL, 2 PL, 3 PL)

11. **Home PENALTY** buttons

12. **Guest PENALTY** buttons

4. Set **MAIN CLOCK** button for warmup times, period times, and time of day

5. **START** and **STOP** buttons for Clock – you can also use the remote to toggle

10. **Home SCORE** buttons

9. **PERIOD** buttons

8. **Guest SCORE** buttons

7. **CLEAR/No** button

**6. ENTER/Yes Button - IMPORTANT:** if you have changed something on the LCD and it's not showing up on the scoreboard, you probably need to press ENTER one more time!
