

2023-24 MONUMENT HOCKEY CLUB

Monument Hockey Club (MHC) will be fielding an 18U team this upcoming season. 18U MHC will be competing in the North American Prospects Hockey League (NAPHL) against a high level of competition. Combining the training opportunity of MHC with the elite competition of the NAPHL, 18U MHC is built for development and player advancement.

Our goal is to give every player the opportunity to develop individual skill, play at the highest level possible and become a great individual throughout the process. We emphasize *EMPATHY*, *GRATITUDE*, and *RELENTLESS WORK ETHIC*. Coaches look for players who attack every day with the intention of improving themselves while demonstrating our core values.

At Monument Hockey Club, the opportunity to develop makes the greatest difference. Our rink is a privately owned, two sheet facility which provides the team with plentiful ice at ideal times second to no other program. Our athletes have daily access to our on-site training facility, 365 Performance, run by Strength and Conditioning Director Coach Justin and his staff.

We are very grateful to be members of the North American Prospects Hockey League. This league offers our players a highly competitive showcase schedule against great competition. Players are exposed to a great deal of high-level junior and college teams from all over North America.

The combination of training opportunities we offer and level of competition we play against makes The Monument Hockey Club one of the premier organizations in the western United States and gives your athlete the opportunity to develop and play at the highest levels.

Monument Hockey Club 2023-24 SEASON FEES
