We recognize that in some cases youth hockey players leave home to play hockey in a location away from their parents. Under these circumstances, the team arranges for the player to move into a billet family. Having youth players live away from their homes and parents increases risk for abuse and misconduct to occur. The following billeting policies and procedures shall be met:

Billet & Host initial each of the statements below:

____ ____ As required by the jurisdiction where the player is billeted, the player's parents shall sign and provide a power of attorney and/or guardianship (as necessary by applicable Colorado law) to the billet family adults to allow for them to make emergency medical and schooling decisions.

____ ____ No more than two billeted players should be housed with any one billet family. Coaches, team/program management and staff are not allowed to host or billet players.

____ ____ Minors must be placed with a billet family and may not reside in an apartment or home solely with other players.

____ ____ All adults (individuals over 18 years of age) living in the household of the billet host family must be registered with USA Hockey, complete the background screening (\$30 each adult).

<https://www.usahockey.com/backgroundscreen> Proof that these requirements have been met must be received by the Billet Coordinator prior to the player moving in with the family.

____ ____ The billet family will provide the player a private bedroom, including a bed, dresser and closet space. Clarify with the player whether you will provide bed linens and towels.

____ ____ The player will need WIFI access to complete schoolwork and a space to study.

____ ____ The billet family will respect the player; provide a clean, family atmosphere to the player; and, provide or have available food for three nutritious meals and snacks.

____ ____ The billet family will communicate clearly what house rules are. Remember, that like your own children, they may need a reminder. But the Billet Coordinator is also available for any concerns.

____ ____ Billet families are required to report any violations of team rules or violations of curfew rules to the Billet Coordinator immediately.

____ ____ Billet family must notify billet coordinator if they will be gone overnight, temporary arrangements will be made for the player to stay elsewhere while the host family is away.

____ ____ Players' parents shall coordinate monthly billet fee payment with the host family prior to move in. Fees and details are outlined on page 5.

____ Players will adhere to either their team curfew or the host family curfew, whichever is earlier. This may differ during the week based on schedule and activity commitment. Compliance issues should be reported to the billet coordinator who will be in direct contact with coach/staff.

____ Players shall agree to comply with the house rules of the billet families, including curfews, chores/cleaning, internet and telephone usage, etc. Complaints about unusual rules shall be addressed with the association Billet Coordinator.

____ Players that are in high school are expected to maintain a minimum GPA of 2.5. Rampage organization aims at moving these athletes into college level of play and therefore education is an important component of the program and players are expected to prioritize schoolwork over social activities.

____ Players are not permitted to leave the Monument/North Colorado Springs area, other than on scheduled team trips, without the prior approval from the player's parents, Head Coach, and the billet parents.

____ Players are not to drive billet family vehicles without automobile liability insurance as required by applicable state law, and documentation and approval of the billet family.

____ The Monument Hockey Club's billeting policy requires that the billet family maintain appropriate homeowners/renters' insurance.

____ It is a privilege to live at a billet's home, not a right, and therefore, players will respect the billet family, their home, and their belongs. Players will be pleasant, courteous, and always helpful. Players must respect and adhere to the rules of the billet house.

____ Players need to notify the billet family in advance if they will not be home for meals.

____ Players need to let the billet family know where they are going and when they will be returning.

____ Players will inform the billet family of practice and/or game times and changes.

____ Players will supply their own personal hygiene products. This would also include protein shakes, and similar training supplements.

____ Players will be responsible for keeping their room and bathroom clean. Players will do their own laundry unless told otherwise by the billet family. (Host may want to post appliance instructions.)

____ There will be no alcohol consumption, tobacco, vaporizer, or drug use by any member of the team at any time. Suspicious or concerning behavior should be communicated with the Billet Coordinator immediately.

____ Players that chose to eat out of the host home are expected to cover their own costs. The host family is expected to provide 3 healthy meal options through the day (players may be expected to prepare their own breakfast and lunch).

_____ Host families are not expected to change the family's meal planning to accommodate a billet's diet due to preference or unwarranted desires (allergies do not apply here). Additional fees would possibly need to be added to accommodate for unusual needs.

Billet Player Fees:

- **Drivers: \$450/mo**
- **Non-drivers: \$500/mo**

_____ NOTE: Please note the first month may be prorated if the player arrives mid-month. The first month please add an additional \$60 to your billet fee to cover the cost of host background checks (this only applies at new host homes). The months following will be charged at full rate, regardless of trips taken in which the player is missing for some days. Do NOT ask the host to discount, if you must request, please ask the billet coordinator and she will talk with the host directly.

_____ *This nominal increase would help cover the cost for a minimum amount of transportation. If teammates, older players, or another family is primarily transporting your player, arrangements should be made to compensate these drivers directly. Players that have significant transportation needs would need to arrange additional fees to cover their needs. Billet coordinators can help address what is appropriate.
