

## USA Lacrosse Age Verification

Starting July 1, 2025, all player memberships will be required to upload documentation for age verification. This is a one-time process to maintain an active player membership.

**AGE VERIFICATION NEEDS TO BE DONE FOR ANY PLAYER MEMBERSHIP.** Anyone with a coach, parent, fan, etc. membership can do this also, but it is not required.

Steps to verify age:

1. If you are a parent, log into your account and click on Household Users to access your child's membership.
2. Click on the pencil icon by the player's name.
3. Scroll down to Edit Age Verification.
4. Upload a valid form of ID.

Valid forms of ID include:

- Birth Certificate
- Driver's License
- Passport
- State/Government Issues ID
- Military ID

### Age Verification Q&A

#### What is the fee to be age-verified by USA Lacrosse?

There is no separate fee for this benefit. Age verification is one of the benefits of a USA Lacrosse membership.

#### Who is required to be age-verified by USA Lacrosse?

Beginning July 1, 2025 all players, regardless of age, will be required to submit proof of age in order to maintain active member status. This is a one-time process and will not need to be repeated on an annual basis.

### What happens to the document after it's uploaded?

A USA Lacrosse staff member will review the document, record the birthdate in our system to mark the individual's record as age-verified and then permanently delete the uploaded document from our system.

### How long does the process take for someone to become age-verified?

The age-verified processing is usually completed within two business days of submission. Please allow adequate time if you are participating in an event that requires age verification.

### What happens if my age verification is not completed by December 31, 2025?

- » All active player members who have not completed their age verification requirements by Dec 31, 2025 will have their membership moved to pending status.
- » All new player members have 15 days to complete their age verification requirement after their initial join date. If they have not completed the requirements within 15 days, their membership will be suspended.
- » Any active player member who has a renewal date before Dec. 31, 2025 has 15 days after their renewal date to complete their age verification requirements to avoid having their membership suspended.
- » Any active player member who has a renewal date after Dec. 31, 2025 must complete their age verification requirements no later than Dec. 31 to avoid having their membership suspended.

### Why does my membership status say 'pending' or 'suspended'?

All active/current player members who have not completed their age verification requirements by Dec 31, 2025 will have their membership moved to pending status. Additionally, all new player memberships have 15 days to complete their age verification requirement after their initial join date. If they do not complete the requirements within 15 days, their membership will be suspended. Members in 'pending' or 'suspended' status are not able to register for events that require age verification.
