

Middle and High School Girls Rules & Regulations

Nevada Lacrosse South (NVLS) is organized to promote, govern, and protect youth lacrosse throughout Southern Nevada and surrounding regions. It shall remain committed to the growth and development of lacrosse by providing affordable opportunities for organized play, maintaining a safe nurturing atmosphere, and fostering a civic character of fairness, and sportsmanship in all who participate.

The following rules and regulations (the "Rules") contain a combination of principles, guidelines, and mandates to allow more effective leadership and administration within NVLS and its respective leagues. It is not possible to write regulations and procedures for every conceivable situation, nor is it necessary if individuals respect the association's guiding principles. It is sincerely hoped that all persons reading these Rules will seek to understand their intent and use them in a manner that honors the game.

Effective November 2025

1.0 Name and Purpose

1.1 These are the official rules and regulations of Nevada Lacrosse South Middle and High School Leagues. The guidelines contained in these rules and regulations are subordinate to and subject to the approval and interpretation of the NVLS Board of Directors.

2.0 Goals and Guiding Principles of NVLS Leagues

2.1 In concert with the NVLS Code of Conduct, the following principles form a model against which all actions, behavior and decisions shall be judged. These principles describe the expectations for all participants in the NVLS League which includes, but is not necessarily limited to, players, coaches, team management, officials, parents, family members and spectators.

2.2 We exist to develop the sport of lacrosse in Southern Nevada and surrounding regions.

2.3 We understand that youth sports in general and lacrosse in particular, provide a vehicle by which youth are developed into leaders and role models in our communities.

2.4 We "Honor the Game" by:

2.4.1 Adhering to the letter and the intent of all rules, regulations, and guidelines governing NVLS.

2.4.2 Refusing to teach or encourage players to bend, break or beat the rules, or to take unfair advantage of an opponent.

2.4.3 Supporting our opponents "on the field" through fair play and "off the field" through cooperation and mutual assistance.

2.4.4 Maintaining respect for officials and leaders/managers in our organizations and communities who have authority over our sporting activities.

2.4.5 Supporting our teammates and associates by fostering organizational goals in a positive, proactive, and cooperative manner.

2.4.6 Maintaining high standards of personal integrity, conduct and interpersonal interaction.

2.5 We follow a model that focuses on developing individual and group excellence, which ultimately leads to winning teams; however, we subordinate this goal to sportsmanship, fair play, and the recognition that sports are an integral part of preparing our youth for their future role in our communities and society.

2.6 We follow the PCA (Positive Coaching Alliance) "Positive Coach Mental Model" as an expectation for all coaches.

2.7 We actively engage parents and spectators in our Guiding Principles and behavioral expectations.

2.8 We actively engage our officials in our Guiding Principles and the development of our youth.

2.9 We understand that coaches, officials, and leaders in the lacrosse community are role models and should be held to a high standard of personal integrity and ethical behavior on and off the field and in our communities.

2.10 We value scholastic achievement, sportsmanship, and individual life skill development for our youth above winning lacrosse games. We recognize that good grades are just as important as athletic ability when it comes to getting into and staying in college.

2.11 The physical and emotional safety of our players and members is important above all other considerations; dangerous or demeaning behavior is unacceptable on or off the field.

2.12 We win with class and character, and we lose with honor and dignity. Through this higher standard we become winners regardless of the score of a particular contest.

4.0 League Participation

4.1 Program /Team Requirements

- 4.1.1 Program Governance
 - 4.1.1.1 Each member program will operate, wherever possible, under direction from a host school.

4.1.1.2 It is recommended that each program have a board of directors or an operating committee who oversees eligibility, coaches, conduct of players, coaches and parents, and general management, as well as the appointment of league delegates and council and committee members/representatives.

4.1.2 Participating Teams

4.1.2.1 Varsity will be comprised of players from 9th -12th grade. Any team with rostered 12th grade players must play in the Varsity division.

4.1.2.1 Exceptions made for new programs that are within their two-year probationary period as noted in 4.1.5.

4.1.2.3 Junior Varsity will be comprised of players from 9th – 11th grade.

4.1.2.3.1 Goalies will be the only exception to the above age rule.

4.1.2.4 Middle school teams will be comprised of players in 5th-8th grade. Limited exceptions will be made for younger players with demonstrated ability to compete at the middle school level. No high school players may play for a middle school team.

4.1.2.5 Whenever possible, youth divisions will consist of players within 3 years of the age bracket, i.e. 10U is players aged 8-10 at the start of the season, 8U is players 6-8, etc. Age groups may be combined to provide a better experience for all.

4.1.2.6 Once a Program, comprised of players from multiple schools, has a minimum of 12 players from a single school in their zone and 12 players from other schools (24 total players), it will break into two independent Programs and make alignments/connections to another school in that area; to continue the growth in their area.

4.1.2.7 Programs may field additional teams based on their registered number of players. A program with 25 or more players may field 2 teams. A program with 37 or more members may field 3 teams.

4.1.2.8 When fielding multiple teams, a program may dual-roster or “float” players up to a team size of 16. For example, a program with 25 players may field two teams of 16 players by “floating” 7 players between both teams.

4.1.2.8.1 The number of allowed float players is reduced by 1 for every additional registered player, until a program has 32 registered players and thus is able to field two independent teams of 16.

4.1.2.8.2 “Float” players must still follow the age rules above. No seniors may “float” to a Junior Varsity team.

4.1.2.9 If at any point, there are fewer than 3 teams at the Junior Varsity level, the League may choose to operate as one Varsity division. The remaining Junior Varsity teams may compete in that division and are eligible for postseason competition in the same manner as all other teams.

4.1.2.9.1 If the League is operating as one division, programs fielding more than one team may not float any players. The teams must be two independent rosters.

4.1.5.3 New high school programs will enter a two-year probationary period, where they may choose to play as either Varsity or Junior Varsity, regardless of the grades of their players.

4.1.5.4 Expansion teams formed through the development of lacrosse in an area, as laid out in 4.1.2.6, will be full League members in their first season, subject to all Team Requirements and age restrictions.

4.1.6 Returning, Renaming, and Merging Programs

4.1.6.1 Programs that voluntarily leave the league for any reason will be treated as a non-voting member for a period of two years after their re-entry, regardless of the length of separation. They will not receive the probationary period afforded to new programs and will be immediately subject to all Team Requirements and age restrictions.

4.1.6.1.1 If a program wishes to separate from the league for the upcoming season, the Administrator must receive notice of withdrawal in writing from the coach and any Board of Directors or Athletic Directors who oversee the program. This notice must be received by January 1st before the upcoming season.

4.1.6.1.2 If a Program separates from the league, all of its currently registered players will be informed of the separation. Those individual players may choose to remain members of NVLS. Such players will be re-allocated to their next closest NVLS member program.

- 4.1.6.2 Programs that fold due to lack of membership or other non-voluntary reasons will be treated as new programs if 2 or more spring seasons have passed since they last fielded a team.
 - 4.1.6.2.1 If fewer than 2 spring seasons have passed, the program will be treated as a returning program.
- 4.1.6.3 Whenever possible, programs should aim to merge with other area programs in order to maintain membership numbers and competitiveness within NVLS.
 - 4.1.6.3.1 When two programs merge, they may choose which name they will continue to operate under and inform the Administrator of this choice.
 - 4.1.6.3.2 The merged programs will be counted as 1 program for all Delegate, voting, and Council reasons.
 - 4.1.6.3.3 The merged programs will be treated as an existing member program, subject to all Team Requirements and age restrictions.
- 4.1.6.4 Programs may change their name as necessary to match their current school affiliation.
 - 4.1.6.3.1 The Administrator must be informed of the name change no later than January 1st before the upcoming season.
 - 4.1.6.3.2 Programs will acknowledge that changing their affiliation may change their zoning and thus, their rostered players.
 - 4.1.6.3.3 A program will be counted as an existing program if 51% of their rostered players participated under their former name.
 - 4.1.6.3.3.1 The new team must be a complete replacement, meaning that the old team and new team may not exist at the same time.
 - 4.1.6.3.3.2 If a new team will exist alongside the old team, the new team will be considered an expansion team as noted in 4.1.5.4
- 4.1.6 Transportation to Games
 - 4.1.6.1 Teams are responsible for their own transportation to games and are cautioned to follow all applicable laws and ordinances to ensure the safety of their staff and players.

4.2.4.9 Head coach will carry all player medical releases and have a good understanding on where the closest hospital is located to the team's current location. When possible, coaches will have an emergency kit or AED as part of their off-field safety equipment.

4.2.5 Coaches, staff and volunteers become role models for others in NVLS and community. These individuals often play major roles in establishing standards of acceptable behavior in the community and establishing and maintaining the reputation of NVLS and the level of community confidence and support afforded NVLS. It is of the utmost importance that those involved in NVLS activities comply with the letter and intent of all applicable laws and rules of behavior and conduct themselves at all times in a manner befitting their positions and responsibilities. This includes a prohibition on the use of foul, abusive, or profane language or behavior while engaged in NVLS-related activities and strict adherence to the Drug, Alcohol and Tobacco policy. Violation of these ideals could result in disciplinary actions.

4.3.1 Age Restrictions - No player shall participate in the NVLS program activities who has reached nineteen (19) years of age prior to the last day of August of the school year in which such participation is intended.

4.3.2 Four Year Rule.

4.3.2.2 Players must be in at least 9th grade prior to the last day of August to participate in the NVLS High School League.

4.3.2.3 A player must be a member of USA Lacrosse prior to participating in any league or team league structured conditioning, practice, or game. A team may perform introductory sessions with prospective players that do not include any physical contact. Individuals participating in introductory sessions shall wear eye and mouth protection if they are participating in throwing/catching activities.

4.3.3 Student Status

4.3.3.1 No player shall compete in any NVLS High School League activity who is a graduate of a regular four-year high school or who is a graduate of a secondary school which has the same requirements for graduation as a regular four-year high school. However, a student who finishes the required number of credits for graduation in fewer semesters than are normally required and is doing college undergraduate work shall not be barred from competition to which he would otherwise have been eligible until the termination of so many semesters as normally would have been available for such a student's eligibility or participation as long as they are still considered a

student at the high school they are playing for.

4.3.3.2 Students who do not attend school (unless home schooled or the equivalent) or who fail to or are deemed ineligible to participate shall forfeit their eligibility during that period and shall not be provided any additional period of eligibility.

4.3.3.3 All players must complete and turn in to their coach all NVLS required forms prior to participation in practices or games.

4.3.4 Academic Eligibility enforcement by individual Programs

4.3.4.4 Teams may institute higher academic eligibility standards at their discretion for their team.

4.3.4.5 Decisions by parents/legal guardians to raise academic eligibility standards for their player shall be accepted with full support.

4.3.5 Program / Team Participation

4.3.5.1 Zoning - ZONING policies are in place to create fair play, maintain league integrity, and promote growth and competition.

NOTE: Falsification of any documents or being dishonest regarding your residency will result in the athlete's ineligibility for one season.

4.3.5.1.1 NVLS intends its team membership policy to closely mirror Nevada Interscholastic Athletic Association (NIAA) policies.

4.3.5.1.2 Student-athletes may only play for a single NVLS program at one time.

4.3.5.1.3 Student-athletes must play for the school they attend if they have a lacrosse program. This is for CCSD, private, and charter schools. (Attendance means the school they are registered with and attend the majority of their classes, aka School of Record)).

4.3.5.1.4 Student-athletes attending a CCSD, private, or charter school without a lacrosse program will be assigned by the league to a team located near the region of their home residence. Student-athletes from the same school will be kept together when assigned to a nearby program.

4.3.5.1.5 Home-based instruction student-athletes are eligible to participate with their residence-zoned CCSD school if it has a lacrosse program. Otherwise, the league will assign them to a team located near the region of their home residence.

4.3.5.1.6 If a player attends a CCSD school different than the CCSD school they are zoned to attend, the player must provide the league with an approved CCSD attendance zone variance, as per the regulations of the CCSD.

4.3.5.1.7 If the parents of a player are not living together ("separated"), the player's eligibility remains at their current school of attendance. If the current school does not have a lacrosse program, the league will assign them to a team located near the region of their home residence used for CCSD zoned attendance.

4.3.5.1.8 If the parents or guardians are divorced, the player's eligibility/zoning remains at their current school of attendance. If the current school does not have a lacrosse program, the league will assign them to a team located near the region of their home residence used for CCSD zoned attendance.

4.3.5.1.9 If a student-athlete changes school of attendance, and this change happens outside of the regulation spring season, they are eligible to play for their new school

lacrosse program. If the new school does not have a lacrosse program, the league will assign them to a team located near the region of their home residence used for CCSD-zoned attendance.

4.3.5.1.10 Players lose eligibility to play with a different team if they transfer schools after the start of the regulation spring season. No mid-season team transfers are allowed for any reason.

4.3.5.1.11 Notarized guardianships and parent appointed guardianships are not accepted for athletic eligibility. A legal guardian must be court appointed by a judge.

4.3.5.1.12 If a player is living with someone on a CCSD residential affidavit, the student must provide the approved affidavit to the league and file an appeal/review with the NVLS Board before being eligible to play for any program.

4.3.5.1.13 NVLS reserves the right to realign zoning with other programs, based on program needs, availability of coaches, fields, and other resources. This realignment will be ratified by the coaches council.

4.3.5.1.14 There can only be one member program for each CCSD school.

WARNING

Willful violations, or failure to take due care to adhere to player zoning rules, will result in forfeit of all games played by the ineligible player. The Player and coach will be subject to additional sanctions.

4.3.6 Zone Variances

4.3.6.1 The NVLS Board can make specific exceptions to the player eligibility regulations contained in this document and amended as necessary; provided, such exceptions are based upon hardship conditions. These exceptions are referred to as Variances.

4.3.6.2 One (1) Head Coach of a program may submit a Zone Variance Request to have their daughter(s) play for the program being coached, if the player is not already zoned for that program.

4.3.6.2.1 Variance Requests to bring a player into private or charter school programs (Faith Lutheran, Bishop Gorman, Pinecrest, etc) must be accompanied by a letter or email from the Athletic Director of that school, noting that they are aware of the request and approve the player's participation, regardless of their non-student status. This letter must be on official school letterhead or emailed directly to the Administrator from the AD.

4.3.6.2.2 No other coaches may use this rule to request a variance.

4.3.6.2.3 Only the Head Coach's daughter(s) may use this rule to request a variance. Any other family members (cousins, nieces, grandchildren, etc) must meet the Hardship conditions of 4.3.6.3 before a Variance Request can be considered.

4.3.6.3 Any other Zone Variance Request shall be based upon extenuating circumstances, beyond the student's, or where applicable, the parents' or legal guardian's control, that are deemed to have significantly influenced or contributed to the cause of the student's non-compliance with the eligibility regulation(s) involved. The following criteria shall be used to determine if a hardship exists:

4.3.6.3.1 A hardship exists only when some unique circumstances concerning the student's physical or emotional status exist and only when such circumstances are not the result of acts or actions by the student or family unit.

4.3.6.3.2 The circumstances must be totally different from those that exist for the majority or even a small minority of students.

4.3.6.3.3 There must be no reason to believe that the decision and/or the execution of the decision concerning the student's academic status were for athletic purposes.

4.3.6.3.4 The burden of providing evidence that a hardship exists shall be borne by the

student.

4.3.6.3.5 There shall be a direct, causal relationship between the alleged hardship and the student's inability to meet the specific eligibility rule(s).

4.3.6.4 The Zone Variance request form found on the website must be emailed to the Administrator before October 1st, prior to the Spring Season the request affects. This request must be completed and submitted by the player or parent along with the supporting documentation.

4.3.6.4.1 Requests received after October 1st may be reviewed at the discretion of the NVLS Board and Administrator.

4.3.6.4.2 Variances are for a single season only. A new Variance must be requested each year if the hardship continues to exist.

4.3.6.5 The Administrator and NVLS Board will review all requests and only those meeting the Zone Variance Hardship Conditions will be brought to the Coaches Council for review and a vote. The Council will approve, deny, or request more information from the player before making the decision.

4.3.6.6 The decision of the Council shall be in writing and shall be delivered to the player in a reasonable period of time. Any Board Member or Coaches Council member who is involved with the circumstances surrounding the variance will not participate in any vote concerning that issue.

4.3.6.7 The submittal of a Variance Request does not guarantee acceptance. If the petition for variance is denied by the Council, the player shall not be allowed to play for that program at any level.

4.3.6.8 Until a final written approval for variance is received by the player; player will not participate in any event, fundraising, training, practice, scrimmage or game for a team they are not zoned to play.

4.3.6.9 Violation of this policy could result in action being taken against the player, coaches and team.

4.3.7 League and USA Lacrosse Registration

4.3.7.1 All players must be active members of USA Lacrosse, with membership valid through the end of the season.

4.3.7.2 All players must be registered with NVLS prior to the date of the first sanctioned game in which they wish to compete.

4.3.7.3 Any players not registered must leave the team sidelines immediately and may not return until the end of the game.

4.3.7.4 Once League gameplay has begun for the season, players not registered with NVLS may not practice on League-supplied fields or play in any conference or non-conference games that have been arranged by the league (i.e. scrimmage, JV vs Varsity, or forfeited). This is to protect the League and teams from liability.

5.5.2.4 Games scheduled individually by coaches outside of NVLS spring season are considered non-Conference games. Such games do not count toward season standings. Budget permitting, the league will coordinate, schedule, and pay Referees for non-conference games held in Las Vegas.

5.5.2.5 The NVLS Refusal to Play Policy applies to the NVLS League. The Council shall adjudicate issues related to this policy and shall ensure that consideration is given to the willingness of teams to cooperate in reacting to situations where a team could not reasonably be expected to play a particular game due to circumstances beyond their immediate control and/or ability to predict.

5.5.2.6 Once all Spring Season games have been scheduled (due date determined by the Council), the league shall forward those schedules to the NILOA Assignor (no later than 2 weeks before the first scheduled game of each season) for inclusion in the Officials Scheduling process.

5.5.3.3 If approval is not received by the opposing coach and no agreement is made for the rescheduled date, the requesting team would be charged with the forfeit (and both teams would lose playing time). It is highly suggested coaches find a solution before the deadline. For more details see Refusal to Play Policy Section 6.4

5.6 Statistics

5.6.1 At every game there shall be a certified person from each team at the scorer's table, supervising table activities. Violation of this requirement shall result in the offending team forfeiting that game. Certification consists of successfully completing league-sponsored annual training/testing. All other individuals working at the table shall have read the standard league-provided training package and Handbook for their assigned duties, but do not have to be certified. Certification training will cover all aspects of table duties and is highly recommended for all table personnel. The certified person shall sign each score sheet.

5.6.2 Signed score sheets from each game shall be maintained until 30 days after the end of the season.

In accordance with NFHS/USA Lacrosse rules, the home team scorer maintains the official record of the game, but both teams shall keep scoring, assist, penalty, and goalie save statistics for both teams.

5.6.3 Table duties and guidelines are contained in the League Scoring Handbook and shall be followed for all NVLS League sponsored games.

5.6.4 Statistics will be kept by each team for each full-length regulation game and reported to the League by entering details on nvls.org within 48 hours after the end of each contest.

5.7 Reciprocal Policy

5.7.1 Disciplinary actions taken by another entity within NVLS, USA Lacrosse or local schools against players, coaches, parents, or fans shall be upheld during NVLS Spring Season League Play.

5.8 Lightning Policy

5.9.1 When thunder is heard, or a cloud-to-ground lightning bolt is seen, the thunderstorm is close enough to strike your locations with lightning. Suspend play and instruct the teams to seek shelter off the field. Warn the spectators as well. Wait a minimum of thirty (30) minutes from the time of the last thunder/lightning. After consulting with the officials and coaches, you can resume the contest.

5.9.2 This policy applies to practices as well as games.

5.10 Hazing

5.10.1 Hazing of any type will not be tolerated. Hazing by any member or members of a team will be reviewed by the coach's council and may result in forfeiture of all games that season.

5.10.2 Any incident of hazing that is known by the coach, assistant coach, parent rep, etc. and is not reported to the NVLS may result in a fine for the team, or that person being excluded from any NVLS activity for a period of one year in addition to other sanctions of the program.

6.0 Rule Violations and Penalties

6.1 Conduct of Teams

6.1.1 The strength of the NVLS League lies in the willingness and ability of the membership to support the goals, guidelines, rules, and regulations adopted and, if necessary, to support the penalties placed upon members - if it is determined that those same guidelines, rules and regulations have been violated. Violation of NVLS League By-Laws, policies, rules, and regulations can result in, but is not limited to, sanctions placed upon individual players, coaches, program leadership, spectators, officials and/or programs as a whole. Sanctions can include but are not limited to game suspension, season suspension, forfeiture of games, forfeiture of post-season play (playoffs), fines, probation, and expulsion from the League. Each situation is unique and will be handled at the discretion of the Council. Multiple, repeated infractions, those deemed to intentionally defy league policy, those that represent lapses in integrity/ethics, those that place individuals at physical or emotional risk, and those that potentially do significant harm to the Honor of the Game will result in stiffer sanctions.

6.2 Use of an Ineligible Player

6.2.1 The use of an ineligible player shall result in forfeiture of all games in which that player took part.

6.2.2 An ineligible player "takes part" in a game when a player steps onto the playing field in uniform during competition of a contest in which he/she is ineligible. Coaches are strongly encouraged to keep ineligible players distinctly away from the sideline area of a contest for which they are ineligible. An ineligible player may not be on the sidelines in uniform.

6.2.3 Intentional or knowing violations of this policy shall be treated as an integrity violation, which affronts the Honor of the Game and shall result in severe penalties (see section 6.3) for the individuals and/or the coaches/team/program.

6.3 Misconduct by Coaches, Players, and Spectators

6.3.1 Ejection from a game for Unsportsmanlike Conduct carries an automatic one-game suspension as a minimum additional penalty. The league has established a policy for any red card ejection due to unsportsmanlike conduct, flagrant fouls or repeated violation of the rules, dissent, misconduct, or abusive language. The decision of the game official to eject a person from the game is final and may NOT be appealed.

6.3.2 Ejection for Flagrant Misconduct or a second ejection of any kind shall carry an automatic two-game suspension with additional review by the Council for further action as deemed necessary to maintain the Honor of the game.

6.3.3 A third ejection, or second ejection for Flagrant Misconduct in the same season shall result in suspension for the remainder of the season and review by the Council for additional action deemed necessary.

6.3.4 Violations of policy or actions that dishonor the game or the NVLS League by Coaches or other Team Leadership shall be reviewed by the Council for appropriate sanctions to the individual and/or the Team and is, in general, considered more serious than a violation by a player.

6.3.5 Teams or individuals in gross or continual violation of policies or rules, including multiple ejections, may be suspended from the NVLS League with the requirement to formally request reinstatement from the Coaches Council at the end of the suspension.

6.3.6 Coaches are responsible for controlling their parents, players, and fans. Coaches will work with game officials to control the players and crowd as necessary to ensure a safe event and to honor the game.

6.3.6.1 Spectators are not allowed behind the bench areas or behind the penalty box and table area. If permanent bleachers are present, all spectators and parents are to be in those bleachers.

6.3.6.2 Where permanent bleachers are not present, teams shall be located on the opposite sidelines from the spectators and parents.

6.4 Refusal to Play Policy

6.4.1 Refusing to play a scheduled opponent is not considered an option for any team participating in any NVLS league. Refusal to play is defined as the refusal of a team to participate in a game against a scheduled opponent. Games that are requested to be rescheduled for weather, safety or team / coach availability are NOT considered a refusal to play. The NVLS considers a situation as a refusal to play when a game will not occur because a team will not take the field against a scheduled opponent. The NVLS may consider changing the date or location of a game based on the request of a coach or team representative if player safety is considered a valid concern. The NVLS strongly encourages communication with opposing coaches or respective league council to solve any concerns or problems that would result from refusing to play a scheduled opponent. See Changes Section 5.5.3

6.4.2 If a team refuses to play a scheduled opponent, that game will immediately result in a forfeit for the team that refused to play AND their next scheduled league game will be forfeited also (loss of two league games). The NVLS will make every attempt to find another game for the opponent, although that game may well be considered a scrimmage and the forfeit by their scheduled opponent will be considered a win in their final standings. The makeup game may or may not take place on the original date or location of the scheduled game, but will depend on alternative opponent availability. The focus of the makeup game will be to ensure the players receive an adequate number of games and playing time.

6.4.3 The team that refused to play a scheduled opponent will consider that game a forfeit and may assume a loss in their final standings. The NVLS will make no attempts to provide an alternative game opportunity for the team that refused a scheduled game.

6.4.4 Any team that refuses to play an opponent on two separate occasions will forfeit any playoff opportunity. The second refusal to play, regardless of regular season or postseason play, will result in immediate loss of playoff opportunity. The NVLS will consider the refusal to play one opponent on two separate occasions based on schedule, as two separate accessions.

6.4.5 Any team that refuses to play an opponent in the postseason may be replaced by a team in next standing to ensure that a game occurs.

6.5 Video Policy

6.5.1 When a question arises from an action during a NVLS League sanctioned game where video of the action is available, the head coaches of both teams, where possible, shall make the video available to the league for review. If the action in question involves an official's call, the video will be used for educational purposes only. No official's call will be overturned. If the situation involves actions by a player, coach, parent or fan, the league shall review the video and determine appropriate disciplinary action.

6.5.2 Filming of other team's practices is prohibited.

6.6 Contesting Sanctions

6.6.1 Any decision of the Administrator can be appealed to the Council. Any decision of the Council may be appealed in writing to the Board of Directors.

6.7 Entry Fee/Gate Fee

6.7.1 With NVLS Board approval ONLY, teams may charge an entrance fee for regular season games that are played in a stadium. If approved, the opposing team needs to be notified of the fee at least 1 week in advance of the scheduled game.

6.8 Sanctions/Ejections Carry-Over

6.8.1 Sanctions/Ejections imposed in one season, which have not been fully served by the end of the season, shall be carried over into the next season.

6.9 Social Media

6.9.1 All Nevada Lacrosse South "NVLS" players that communicate through social media, and post content that references or refers to the culture of lacrosse in Nevada or write anything related to NVLS lacrosse players, coaches, and referees on a blog or some other online space, that contains abusive, vulgar, offensive, racist, threatening or harassing comments, personal attacks of any kind, or offensive terms that target specific individuals or groups shall be subject to suspension or removal from the NVLS.

6.9.2 The NVLS logo is not for public use unless given permission by the NVLS President in writing. Players or coaches may not use this logo without permission. All violations of the NVLS Logo shall be subject to the takedown procedure for complaints of copyright violation under the Digital Millennium Copyright Act.

6.10 Grievance

6.10.1 Grievances are issues that cannot be resolved between individuals or programs. All attempts should be made by individuals and programs to resolve issues as part of the lacrosse community through open and honest dialogue. Filing a Grievance should be a last resort to resolve a dispute. Grievances will be handled in accordance with the NVLS bylaws.
