To Whom it May Concern:

Timberwolves Hockey Club is a tier II travel hockey organization, our fall season runs from September through March. Within this time period we have multiple out of state games/tournaments. Our season schedule is not completed until September, once the season schedule comes out we can provide dates in which we will be out of town.

We can provide further information if needed for our dedicated players. If you have any questions, please feel free to reach out to me at any time.

Sincerely,

*Nina Mininni*
