

DATE: January 15 2025

ATTENDEES:

Joe, Karen, Amber, Emily C., Angie, Jen, Rob, Rita, Emily M, Kim

CALLED MEETING TO ORDER:

joe first, angie second

APPROVE LAST MEETING MINUTES:

approved joe, second rob

AGENDA

CrossBar:

competition to sports engine

worked for sportsengine - left when it sold to nbc sports

finds duplicates - makes it easier if you sign up multiple people

navigation is easy - can change through mobile or desktop

create smart groups

can move payments

can move a registration

dibbs - go into family calendar - can add to the calendar, can not claim past dates, can change on the fly on the app, can put dibbs in the same registration, can bulk charge per team/group, can do installments per team,

family calendar

can do docuSigns

can't put a page anywhere, sportengine has a lot of permissions, they don't have as many permission sets on pages, support is better for parents,

vote on cross bar: joe first, amber to second - approve to move forward with crossbar app, with contingencies.

sign issues with winter yard signs - too frozen to get in the ground - look at getting the signs printed and getting sponsors for next fall to support next spring/summer

Non-residents: change that the waiver is available for those outside of the district, add the waiver link.

possible co-op with roseville with girls/ all levels? Could potentially open up field space, grow numbers, roseville is 100% to having a conversation, would not be high school

maybe bring them in to our teams?, maybe look at it after registration?

would potentially have to set up a new board for roseville/maht board

we could potentially absorb them?

we could offer to absorb their girls this year at all levels, revisit the co-op conversation after the season

would waiver in, no co-op this year.

joe, kim and emily are going to start chatting with Roseville

90 kids used the \$100 off early bird

under on budget!!!

NEXT MEETING:

Wed Feb 19th - Maht City Hall Offices

email meetings to approve - send meeting invite -
