Locker Room Monitoring

Locker Room Policy

District 10 adheres to USA Hockey's SafeSport Program as a means to help protect its participants from physical abuse, sexual abuse and other types of misconduct, including emotional abuse, bullying, threats, harassment and hazing. To help prevent abuse or misconduct from occurring in our locker rooms, District 10 has adopted a locker room policy, designed to maintain personal privacy as well as to reduce the risk of misconduct in locker rooms.

Locker Room Monitoring

Locker Room Monitors should conduct a sweep of the locker rooms and changing areas. If the coaches are not inside the locker rooms, then a coach or a volunteer locker room monitors (each of which has been screened) will be posted directly **INSIDE** of the locker rooms and changing areas during periods of use, and leave the doors open only when adequate privacy is still possible. Only participants (coaches and players), approved team personnel and family members are permitted in the locker room (when appropriate). Team personnel will also secure the locker room appropriately during times when the team is on the ice.

Adult supervisors for the locker room monitoring must follow the screening process in the MN Hockey Handbook, Sexual Abuse, Physical Abuse and Criminal Background Screening Policy. Volunteers MUST be registered as a volunteer with USA Hockey and complete SafeSport training.

Note: Above information can be found in the District 10 Handbook.

Locker Room Rules

- ✓ Parents/Siblings are not allowed in the locker rooms(unless registration steps completed and coach approved)
- ✓ NO PHONES for anyone. This can lead to fines/suspensions. Zero tolerance policy.
