President's Report:

- Clarification on upcoming Jones Center Memberships: *Each registered NWAHA member is eligible for an Individual Ultimate Membership. Any family with 2 or more members can request an Ultimate Family Membership at no additional cost. Any family with 1 NWAHA member can upgrade to an Ultimate Family Membership for an additional payment of \$100. You are not required to claim your membership this year.*
- The Jones Center will require each partner organization to volunteer 50 hours over the course of a year.
 - *Last year another program partner volunteered and would have met this requirement in just one event, so getting the 50 hours done will not be hard, we just need people to volunteer to help as opportunities arise.*
- The Naturals have reached out about doing another fundraiser, more info to come
- Live Barn equipment is at the JC, but not installed yet. No ETA

Treasurer's Report:

- We received a very generous donation of \$25k and we will receive a match soon. That money has been earmarked for apparel, bags, warm ups, etc.
