

Where Youth Sports and Community Grow Together.

With a growing need for indoor field space for youth sports, Bemidji Girls Fastpitch Softball, Bemidji Youth Baseball, and Bemidji Youth Soccer teamed up to form the Bemidji Indoor Sports Commission, Inc. (BISC), to renovate the former Neilson Reise Arena into the Neilson Fieldhouse. In partnership with the City of Bemidji, and community members like you, the fieldhouse will include artificial turf, batting cages, training spaces, a walking path, and more. While primary use will be for youth softball, soccer, and baseball, the facility will also be available to the public.

Thanks to a generous donation from the George W. Neilson Foundation, initial renovations are underway. However, funds are still needed to cover both initial startup costs and long-term maintenance. This facility will provide a tremendous opportunity for youth to stay active year-round, and your investment will make a direct impact now and in the future.

Sponsorship Levels & Benefits

☐ **All-Star \$2,500**

- 8' x 8' Arena Banner
- Hall of Fame Wall Recognition
