AYHA Spring In - House

The Spring In-House Season is meant for PeeWee (2012 & 2013) and Squirt (2014 & 2015) aged players to bridge the gap between the end of the season and many summer camps. This is a 6 week program starting the week of March 18th through the week of April 29th but off for Spring Break on March 25th.

Please note that our session days and times have been adjusted.

Squirts are on Tuesday nights 5:30-6:45pm

PeeWees are on Monday nights 7:15-8:45pm

Mite Age Players

If your player is mite age (2016-2017) and wish to inquire about joining the in-house league, please reach out to our [Amy Galbari](#) for consideration.

Skaters: \$150

Goalies: \$75*

*Registering as a goalie assumes your player will be in full goalie equipment and playing in net.

Rink Updates

- New Olympia with laser level
- New Lobby HVAC unit
- DH Unit is on order since January, install in March

FOR IMMEDIATE RELEASE
Sunday, January 28, 2024

USA Hockey Congress Approves Requirement For Neck Laceration Protection Starting August 1, 2024

COLORADO SPRINGS, Colo. – The USA Hockey Congress today approved legislation requiring the use of neck laceration protection for players in all age classifications, other than adults, in games and practices, as well as for on-ice officials under the age of 18, effective August 1, 2024.

USA Hockey has long recommended the use of neck laceration protection, as well as cut-resistant socks, sleeves or undergarments. The USA Hockey Board of Directors asked the organization's Safety and Protective Equipment Committee in November 2023 to begin the process of recommending potential rule changes related to neck laceration protection.

"Safety is always at the forefront of our conversations and the action of our Congress today reflected that," said **Mike Trimboli**, president of USA Hockey. "We appreciate the significant work done by our Safety and Protective Equipment Committee, led by Dr. Mike Stuart, and the many others who were instrumental in the overall evaluation process."

"I know throughout our organization, the overwhelming opinion was that the time is appropriate to modify our rules related to neck laceration protection," said **Pat Kelleher**, executive director of USA Hockey. "We're also encouraged that the hockey industry is committed to continuing to work to improve the cut resistant products that protect players to help influence the safest possible landscape for the game."

The legislation passed today also strongly recommends use of neck laceration protection by adult players.
